

Revision date 01-Jul-2024

Revision Number 1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

|  |  |
|--|--|
| <b>Product Catalog Number:</b><br>40-4042-XX | <b>Product Description:</b><br>2.5% Dichloroacetic acid in Dichloromethane |
|--|--|

**Product Code(s)**  
40-4042-XX

**Product Name**  
Deblocking Mix

**Pure substance/mixture**                      Substance  
Contains Dichloromethane; Dichloroacetic acid

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Recommended use**                                      For research use only

**Uses advised against**                                      This chemical/product is not and cannot be distributed in commerce (as defined in TSCA section 3(5)) or processed (as defined in TSCA section 3(13)) for consumer paint or coating removal.

### 1.3. Details of the supplier of the safety data sheet

**Manufacturer**  
Glen Research LLC  
22825 Davis Drive  
Sterling, VA 20164 USA

For further information, please contact

**E-mail address**    support@glenresearch.com

**Website**    www.glenresearch.com

**Company Phone Number**                                      1-703-437-6191

### 1.4. Emergency telephone number

**Emergency Telephone**                                      CHEMTREC Customer Number (CCN): 234802 Glen Research Corporation  
US: 1-800-424-9300 or Local: +1-703-527-3887  
EMEA: +44 20 3885 0382  
APAC: +65 3163 8374

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

Classification according to  
Regulation (EC) No. 1272/2008 [CLP]

|                                |                     |
|--------------------------------|---------------------|
| <b>Acute toxicity - Oral</b>   | Category 4 - (H302) |
| <b>Acute toxicity - Dermal</b> | Category 4 - (H312) |

|  |                     |
|--|---------------------|
| <b>Skin corrosion/irritation</b>         | Category 2 - (H315) |
| <b>Serious eye damage/eye irritation</b> | Category 1 - (H318) |
| <b>Carcinogenicity</b><br>- (H225)       | Category 2 - (H351) |

## 2.2. Label elements

Contains Dichloromethane; Dichloroacetic acid

### Signal word

Danger

### Hazard statements

H302 - Harmful if swallowed  
H312 - Harmful in contact with skin  
H315 - Causes skin irritation  
H318 - Causes serious eye damage  
H351 - Suspected of causing cancer

### Precautionary Statements - EU (§28, 1272/2008)

P201 - Obtain special instructions before use  
P264 - Wash face, hands and any exposed skin thoroughly after handling  
P280 - Wear protective gloves/protective clothing/eye protection/face protection  
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
P310 - Immediately call a POISON CENTER or doctor  
P501 - Dispose of contents/ container to an approved waste disposal plant

### Additional information

This product requires tactile warnings if supplied to the general public.

## 2.3. Other hazards

Toxic to aquatic life.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

| Chemical name                  | Weight-% | REACH registration number | EC No (EU Index No)         | Classification according to Regulation (EC) No. 1272/2008 [CLP] | Specific concentration limit (SCL) | M-Factor | M-Factor (long-term) |
|--------------------------------|----------|---------------------------|-----------------------------|---|------------------------------------|----------|----------------------|
| Dichloromethane<br>75-09-2     | 95-99    | No data available         | 200-838-9<br>(602-004-00-3) | Carc. 2 (H351)  | -                                  | -        | -                    |
| Dichloroacetic acid<br>79-43-6 | 1-5      | No data available         | 201-207-0<br>(607-066-00-5) | Skin Corr. 1A (H314)<br>Aquatic Acute 1 (H400)                  | -                                  | -        | -                    |

**Full text of H- and EUH-phrases: see section 16**

Acute Toxicity Estimate

If LD50/LC50 data is not available or does not correspond to the classification category, then the appropriate conversion value from CLP Annex I, Table 3.1.2, is used to calculate the acute toxicity estimate (ATEmix) for classifying a mixture based on its components

| Chemical name                  | Oral LD50 mg/kg | Dermal LD50 mg/kg | Inhalation LC50 - 4 hour - dust/mist - mg/L | Inhalation LC50 - 4 hour - vapor - mg/L | Inhalation LC50 - 4 hour - gas - ppm |
|--------------------------------|-----------------|-------------------|---|---|--------------------------------------|
| Dichloromethane<br>75-09-2     | 1600            | 2000              | 79.5  | No data available                       | No data available                    |
| Dichloroacetic acid<br>79-43-6 | 2820            | 510               | No data available                           | No data available                       | No data available                    |

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|   |   |
|---|---|
| <b>General advice</b>                     | Show this safety data sheet to the doctor in attendance. Immediate medical attention is required. IF exposed or concerned: Get medical advice/attention.  |
| <b>Inhalation</b>                         | Remove to fresh air. Get medical attention immediately if symptoms occur.   |
| <b>Eye contact</b>                        | Get immediate medical attention. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. |
| <b>Skin contact</b>                       | Wash off immediately with soap and plenty of water for at least 15 minutes. If symptoms persist, call a physician.  |
| <b>Ingestion</b>                          | Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician.   |
| <b>Self-protection of the first aider</b> | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Wear personal protective clothing (see section 8). Avoid contact with skin, eyes or clothing.            |

### 4.2. Most important symptoms and effects, both acute and delayed

|                 |                    |
|-----------------|--------------------|
| <b>Symptoms</b> | Burning sensation. |
|-----------------|--------------------|

### 4.3. Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Large Fire** CAUTION: Use of water spray when fighting fire may be inefficient.

**Unsuitable extinguishing media** Do not scatter spilled material with high pressure water streams.

### 5.2. Special hazards arising from the substance or mixture

|   |  |
|---|--|
| <b>Specific hazards arising from the chemical</b>                     | No information available.  |
| <b>Hazardous combustion products</b>                                  | Hydrogen chloride. Carbon monoxide. Carbon dioxide (CO <sub>2</sub> ).   |
| <b><u>5.3. Advice for firefighters</u></b>                            |  |
| <b>Special protective equipment and precautions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

## **SECTION 6: Accidental release measures**

### **6.1. Personal precautions, protective equipment and emergency procedures**

|                                 |  |
|---------------------------------|--|
| <b>Personal precautions</b>     | Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required. |
| <b>Other information</b>        | Refer to protective measures listed in Sections 7 and 8.   |
| <b>For emergency responders</b> | Use personal protection recommended in Section 8.  |

### **6.2. Environmental precautions**

|                                  |   |
|----------------------------------|---|
| <b>Environmental precautions</b> | Prevent further leakage or spillage if safe to do so. For small spills absorb material on dry rags, cat litter or similar absorbent material and dispose of in the trash. |
|----------------------------------|---|

### **6.3. Methods and material for containment and cleaning up**

|  |  |
|--|--|
| <b>Methods for containment</b>         | Prevent further leakage or spillage if safe to do so.  |
| <b>Methods for cleaning up</b>         | Soak up with inert absorbent material. Take up mechanically, placing in appropriate containers for disposal. |
| <b>Prevention of secondary hazards</b> | Clean contaminated objects and areas thoroughly observing environmental regulations.                         |

### **6.4. Reference to other sections**

|                                    |  |
|------------------------------------|--|
| <b>Reference to other sections</b> | See section 8 for more information. See section 13 for more information. |
|------------------------------------|--|

## **SECTION 7: Handling and storage**

### **7.1. Precautions for safe handling**

|                                       |  |
|---------------------------------------|--|
| <b>Advice on safe handling</b>        | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. |
| <b>General hygiene considerations</b> | Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product.  |

### **7.2. Conditions for safe storage, including any incompatibilities**

|                           |  |
|---------------------------|--|
| <b>Storage Conditions</b> | Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Store locked up. |
|---------------------------|--|

### **7.3. Specific end use(s)**

|                                      |  |
|--------------------------------------|--|
| <b>Risk Management Methods (RMM)</b> | The information required is contained in this Safety Data Sheet. |
|--------------------------------------|--|

**SECTION 8: Exposure controls/personal protection****8.1. Control parameters****Exposure Limits**

**Derived No Effect Level (DNEL)** No information available.

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering controls

Showers  
Eyewash stations  
Ventilation systems

### Personal protective equipment

#### Eye/face protection

Tight sealing safety goggles.

#### Hand protection

Contact glove manufacturer for recommendations. Gloves must conform to standard EN 374. Wear suitable gloves. Impervious gloves.

#### Skin and body protection

EN ISO 6529. Wear suitable protective clothing. Long sleeved clothing.

#### Respiratory protection

No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

#### General hygiene considerations

Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product.

#### Environmental exposure controls

No information available.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

**Physical state** Liquid

|                       |              |
|-----------------------|--------------|
| <b>Appearance</b>     | Clear Liquid |
| <b>Color</b>          | Clear        |
| <b>Odor</b>           | Sweet Mild   |
| <b>Odor threshold</b> | 214 ppm      |

| <u>Property</u>                                | <u>Values</u>            | <u>Remarks • Method</u>  |
|--|--------------------------|--------------------------|
| <b>Melting point / freezing point</b>          | No data available        | None known               |
| <b>Initial boiling point and boiling range</b> | No data available        | None known               |
| <b>Flammability</b>                            | No data available        | None known               |
| <b>Flammability Limit in Air</b>               |                          | None known               |
| <b>Upper flammability or explosive limits</b>  | No data available        |                          |
| <b>Lower flammability or explosive limits</b>  | No data available        |                          |
| <b>Flash point</b>                             | No data available        | None known               |
| <b>Autoignition temperature</b>                | No data available        | None known               |
| <b>Decomposition temperature</b>               |                          | None known               |
| <b>pH</b>                                      | No data available        | None known               |
| <b>pH (as aqueous solution)</b>                | No data available        | No information available |
| <b>Kinematic viscosity</b>                     | No data available        | None known               |
| <b>Dynamic viscosity</b>                       | No data available        | None known               |
| <b>Water solubility</b>                        | Slightly soluble         | None known               |
| <b>Solubility(ies)</b>                         | No data available        | None known               |
| <b>Partition coefficient</b>                   | No data available        | None known               |
| <b>Vapor pressure</b>                          | No data available        | None known               |
| <b>Relative density</b>                        | 1.327g/mL                | None known               |
| <b>Bulk density</b>                            | No data available        |                          |
| <b>Liquid Density</b>                          | No data available        |                          |
| <b>Relative vapor density</b>                  | No data available        | None known               |
| <b>Particle characteristics</b>                |                          |                          |
| <b>Particle Size</b>                           | No information available |                          |
| <b>Particle Size Distribution</b>              | No information available |                          |

## 9.2. Other information

9.2.1. Information with regard to physical hazard classes  
Not applicable

9.2.2. Other safety characteristics  
No information available

## **SECTION 10: Stability and reactivity**

### 10.1. Reactivity

**Reactivity** No information available.

### 10.2. Chemical stability

**Stability** Stable under normal conditions.

#### **Explosion data**

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** None.

### 10.3. Possibility of hazardous reactions

**Possibility of hazardous reactions** None under normal processing.

**Hazardous polymerization** Hazardous polymerization does not occur.

### 10.4. Conditions to avoid

**Conditions to avoid** None known based on information supplied.

### 10.5. Incompatible materials

**Incompatible materials** Strong acids. Strong bases. Strong oxidizing agents.

### 10.6. Hazardous decomposition products

**Hazardous decomposition products** Hydrogen chloride. Carbon oxides. Chlorine.

## **SECTION 11: Toxicological information**

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Information on likely routes of exposure

##### Product Information

|                     |  |
|---------------------|--|
| <b>Inhalation</b>   | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.   |
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available. Causes serious eye damage. May cause irreversible damage to eyes.  |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. Causes skin irritation. (based on components).   |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. Harmful if swallowed. (based on components). |

#### Symptoms related to the physical, chemical and toxicological characteristics

**Symptoms** Redness. Burning. May cause blindness. May cause redness and tearing of the eyes.

#### Acute toxicity

##### Numerical measures of toxicity

No information available

##### The following values are calculated based on chapter 3.1 of the GHS document

|                                      |                |
|--------------------------------------|----------------|
| <b>ATEmix (oral)</b>                 | 1,621.00 mg/kg |
| <b>ATEmix (dermal)</b>               | 1,838.80 mg/kg |
| <b>ATEmix (inhalation-gas)</b>       | 99,999.00 ppm  |
| <b>ATEmix (inhalation-dust/mist)</b> | 82.00 mg/l     |
| <b>ATEmix (inhalation-vapor)</b>     | 99,999.00 mg/l |

##### Component Information

| Chemical name       | Oral LD50            | Dermal LD50            | Inhalation LC50       |
|---------------------|----------------------|------------------------|-----------------------|
| Dichloromethane     | = 1600 mg/kg ( Rat ) | > 2000 mg/kg ( Rat )   | = 53 mg/L ( Rat ) 6 h |
| Dichloroacetic acid | = 2820 mg/kg ( Rat ) | = 510 mg/kg ( Rabbit ) | -                     |

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

**Skin corrosion/irritation** Classification based on data available for ingredients. Causes skin irritation.

|  |  |
|--|--|
| <b>Serious eye damage/eye irritation</b> | Classification based on data available for ingredients. Causes burns. Causes serious eye damage.                               |
| <b>Respiratory or skin sensitization</b> | No information available.  |
| <b>Germ cell mutagenicity</b>            | No information available.  |
| <b>Carcinogenicity</b>                   | Contains a known or suspected carcinogen. Classification based on data available for ingredients. Suspected of causing cancer. |

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical name   | European Union |
|-----------------|----------------|
| Dichloromethane | Carc. 2        |

|                                 |                           |
|---------------------------------|---------------------------|
| <b>Reproductive toxicity</b>    | No information available. |
| <b>STOT - single exposure</b>   | No information available. |
| <b>STOT - repeated exposure</b> | No information available. |
| <b>Aspiration hazard</b>        | No information available. |

## 11.2. Information on other hazards

### 11.2.1. Endocrine disrupting properties

|  |                           |
|--|---------------------------|
| <b>Endocrine disrupting properties</b> | No information available. |
|--|---------------------------|

### 11.2.2. Other information

|                              |                           |
|------------------------------|---------------------------|
| <b>Other adverse effects</b> | No information available. |
|------------------------------|---------------------------|

## **SECTION 12: Ecological information**

### 12.1. Toxicity

|                    |                        |
|--------------------|------------------------|
| <b>Ecotoxicity</b> | Toxic to aquatic life. |
|--------------------|------------------------|

|                                 |   |
|---------------------------------|---|
| <b>Unknown aquatic toxicity</b> | Contains 0 % of components with unknown hazards to the aquatic environment. |
|---------------------------------|---|

| Chemical name   | Algae/aquatic plants   | Fish  | Toxicity to microorganisms | Crustacea   |
|-----------------|--|---|----------------------------|---|
| Dichloromethane | EC50: >500mg/L (96h, Pseudokirchneriella subcapitata)<br>EC50: >500mg/L (72h, Pseudokirchneriella subcapitata) | LC50: 140.8 - 277.8mg/L (96h, Pimephales promelas)<br>LC50: 262 - 855mg/L (96h, Pimephales promelas)<br>LC50: =193mg/L (96h, Lepomis macrochirus) | -                          | EC50: 1532 - 1847mg/L (48h, Daphnia magna)<br>EC50: =190mg/L (48h, Daphnia magna) |

### 12.2. Persistence and degradability

**Persistence and degradability** Not Likely.

### 12.3. Bioaccumulative potential

#### Bioaccumulation

**Bioconcentration factor (BCF)** log Pow <= 4

#### Component Information

| Chemical name   | Partition coefficient |
|-----------------|-----------------------|
| Dichloromethane | 1.25                  |

### 12.4. Mobility in soil

**Mobility in soil** Not expected to adsorb on soil.

**Mobility** Soluble in water.

### 12.5. Results of PBT and vPvB assessment

**PBT and vPvB assessment** No information available.

| Chemical name       | PBT and vPvB assessment         |
|---------------------|---------------------------------|
| Dichloromethane     | The substance is not PBT / vPvB |
| Dichloroacetic acid | The substance is not PBT / vPvB |

### 12.6. Endocrine disrupting properties

**Endocrine disrupting properties** No information available.

### 12.7. Other adverse effects

No information available.

## **SECTION 13: Disposal considerations**

### 13.1. Waste treatment methods

**Waste from residues/unused products** Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Dispose of in accordance with federal, state and local regulations. Do not reuse empty containers.

## **SECTION 14: Transport information**

#### IATA

14.1 UN number or ID number UN2922  
 14.2 UN proper shipping name Not regulated  
 14.3 Transport hazard class(es) Class 8, (6.1)  
 14.4 Packing group Packing Group III  
 14.5 Environmental hazards Not applicable  
 14.6 Special precautions for user  
 Special Provisions None

#### IMDG

14.1 UN number or ID number UN2922  
 14.2 UN proper shipping name Not regulated

|  |                          |
|--|--------------------------|
| 14.3 Transport hazard class(es)                              | Class 8, (6.1)           |
| 14.4 Packing group   | Packing Group III        |
| 14.5 Environmental hazards                                   | Not applicable           |
| 14.6 Special precautions for user                            |                          |
| Special Provisions   | None                     |
| EmS-No.  | F-A, S-B                 |
| 14.7 Maritime transport in bulk according to IMO instruments | No information available |
